Extinguishing Lances

4804

For fire fighting in rubbish and coal dumps, in stacks of hay and straw, in grain silos and stacked goods which are hard to reach. The lances allow effective direction of water to the centres of fires located at lower levels.
Flow rate at free outlet: at 5 bar 540 l/min., at 8 bar 680 l/min.

Storz System Connection or thread

Inlet Storz / thread	Length (mm)	Width (mm)	Height (mm)	Weight (kg)	Ident-No.	Remarks
