

Couplings according to North American Standard NFPA

Couplings according NFPA 1963 for internal and external binding suitable for delivery- and suction hoses. Couplings Storz system for water supply lines.

- Aluminium alloys (A)
- Copper alloys (C)

Solid adapters Storz to NH-, NPT-, NPSH-, and QST-female thread

1206

Nominal size (inch)	Lug spacing (mm)	Female thread	Weight (kg)	Ident.No.	Remarks	Alloy
