

Couplings according British Standard BS 336

A non-symmetrical quick connection coupling with a male and female part. These couplings are only suitable for delivery operation. For suction operation round thread couplings are in use.

- Aluminium alloys (A)
- Copper alloys (C)

Adapters round thread male BSRT to BSP pipe thread

1814

Round thread BSRT (inch)	Female thread BSP	Male thread BSP	Weight (kg)	Ident.No.	Remarks	Alloy
3"	G 2½		0,680	30094732		A
