

Couplings according British Standard BS 336

A non-symmetrical quick connection coupling with a male and female part. These couplings are only suitable for delivery operation. For suction operation round thread couplings are in use.

- Aluminium alloys (A)
- Copper alloys (C)

Adapters Instantaneous or BSRT to Storz System

1601

Nominal size (inch)	Weight (kg)	Ident.No.	Remarks	Alloy
Inst. 1½" female - 52=C	0,300	60611033		A
Inst. 2½" male - 52=C	0,420	60206433		A
Inst. 2½" male - 65	0,600	60466533		A
Inst. 2½" female - 65	0,850	60337433		A
Inst. 2½" male - 75=B	0,670	60336233		A
Inst. 2½" female - 75=B	1,100	60187733		A
4" BSRT female - 110=A	2,300	60336133		A
